Dow-Jones reports Scott Tissue touches new bottoms!

Non-profit agencies face the same budget challenges as the average Kiwanian in maintaining a residence. There are utilities to pay: water, sewer, gas, and electricity. The next essential, even before cable television is toilet paper.

United Way has partnered with FOX 40 news for a toilet paper drive to be held in Cal Expo. This collection will be made available to non-profit agencies. Donating toilet paper frees up bucks for other needed services.

Lt. Governor Karen Borman mentioned that Pat Thomas, president of Auburn Kiwanis, was planning a toilet paper theme night for her club. Immediately, Karen saw towers of TP packages stacked pyramid style at the DCM. Clubs need to have fun so she started the Division 44 Toilet Paper Drive challenging each club of the division to participate. The campaign was entitled: *Get on a roll!* The club with the largest donation based on a per capita basis would earn \$25.00 for the Administrative Fund. The deadline would be the June 14th Division Council Meeting.

Here are the results:

	Kiwanis Club	# Rolls	Per Capita
1	Auburn	1,002	20.88
2	Lincoln	815	17.72
3	Citrus Heights	501	11.93
4	Rancho Murieta	628	11.02
5	Sacramento-Suburban	348	7.91
6	Carmichael	646	7.34
7	Roseville	204	4.86
8	Rocklin	191	4.44
9	Granite Bay	96	4.17

Kiwanian JoAnn Wojcik was the chair of the Auburn Toilet Paper Drive. When asked what the secret was of her success, she replied: *"Oh that was simple. I put women in charge of the drive. It is a proven fact that women use more toilet paper than men."*

House Director; Mauda Butte, was overcome with the successes and is truly appreciative. She mentioned that the new shed needs to be constructed right away to store this essential item.
